Let me dissect your post, it should be funny.

JsxKeule wrote on Sun, 01 November 2009 22:28ok with that comment i wanted to say that it was funny to see whats going on here when someone DDOS this site cause i rly dislike some ppl here (dont want to call names)

So basically you like it when lots of innocent/non related people suffer for one you don't like? Also apparently you think it's "cool" to use someone's stuff (bandwidth in this case) and abuse it for no good reason.

Quote:

and no i dont think its funny at all to hack other sites

You said you found it "cool" please elaborate how this cannot be seen as approval of Mrackz' actions.

Quote:

and when you all here have nothing better to do then write negative comments about other forums or cry when there is missing a "e" in a button then i cant help you at all....

No, it's just one person giving one example of how apparently retarded renegadeskins.net is.

Quote:

maybe renskins.net dont have that much members then renegadeforums but it have better admins/mods and its just better dont need to explain here just visit us

Of course you don't need to explain why it is so much better. The hell with decent arguments and examples. Oh and having loads of (empty) categories and subsections on your forum is "OMGWTFBBQCOOL" as well of course.

Quote:

and when i get banned for this comment just cause i dont like renegadeforums that much then bye all

It's not like we care. I though you left renegade anyway, so why do you even bother posting here or being a retarded admin of a renegade related site?

Quote:

btw it isnt mine site its the site of crysis992

and i dont think it was campa just cause he dont like crysis...

maybe bad grammar hope you could understand that message

Like it matters who's site it is, you're an admin there, which usually means you're an influential person around that site. You're also, on that particular site where you have a lot of authority approving the attack on renegadeforums.com. Which suggest that you, as being part of renegadeskins.net, approve illegal actions against renegadeforums.com. In some countries this could even be seen as a crime.
