And so long as you (And your fellow gamers) continue to see females like this, nothing will change. I still don't see enough of a problem for you to automatically exclude 51% of the population, and the attitude you're taking in this application is contributing to the problem you're describing. It's like someone spamming up RenForums with posts complaining about why this place sucks, when their posts would be the ones contributing to the suck.

Just something that jumped out at me, that's all.

Pretty sure he's referring to gamers of the female variety, not females of the human variety.
