And so long as you (And your fellow gamers) continue to see females like this, nothing will change. I still don't see enough of a problem for you to automatically exclude 51% of the population, and the attitude you're taking in this application is contributing to the problem you're describing. It's like someone spamming up RenForums with posts complaining about why this place sucks, when their posts would be the ones contributing to the suck.

Just something that jumped out at me, that's all.

It has nothing to do with me, I do nothing to treat female gamers different than anyone else (except excluding them from this like you mentioned). If one showed up in my games I wouldn't mind but the reaction of other people to her presence is inevitable, so I just prefer not to deal with that situation.

To Others: Oh and this isn't an application, just contact me and we can go from there. Skype ID: Oblivion165

To BLU3Y3Z: No worries I'm not bothered by their comments. What was your original screen name, I don't remember a Blu3y3z?
