I'm not going to lie, I know he's cheated against me in the past, but I think he's pretty clean now, he might use it sometimes in a public server, but he hasn't used it against me for a good few months now in all the funwars we've done recently. As for this Faildus thing, they'll never get over it. We could retaliate and call it n00bshities, but we havn't since we actually have some maturity, but, that's a seperate topic.
