And the HOD was me. And yes crepy...k9 had a SS of the FDS just a few weeks ago of you using the lagcheat. It's not hard to spot when someone has 25kbps consistanly one minute, then the next you have a consistant 6-8. It's real easy to spot. I'm somewhat tempted to put the URL in this thread for all to see, but I'm not yet at that point. And yes, people from FoD CAN kick ur ass.
