InfinintDemolition manInfininti have an aim bot too, it has 5 fingures and is connected to my arm... no that great thoughout it off fucking cheater lol i was born with it, i kinda dont have a choise, i think its called a , hand....

Whats it run on, what systems....

Is it intelligent?...... cus if it is it sounds like my BrainBot2.0 its soooo kool it even controls my walking on the keyboard so its pretty much fully automatted

Scan of the I337 brainbot:

Detailed diagram of the mouse and keyboard control system:

Now I am offically:

my aimbot 0wns all yours....
