---

Shaitan pointed out to me that a few maps were missing from the ubermappack.

He was kind enough to upload them to our forum over here:

<http://forums.mp-gaming.com/index.php?showtopic=8964>

In case you already downloaded the ubermappack you can download them independently there on the forum so you dont have to redownload the ubermappack.

The maps that will be added to the pack:

C\_C\_ArcticXP\_Beta

C\_C\_BodyRace

C\_C\_City\_Flying\_SE

C\_C\_Halloween

C\_C\_IslandsEVO1.1

C\_C\_SkateparkV2

C\_C\_Snowfight2005

C\_C\_TubeRace

C\_C\_VolcanoEVO1.1

C\_C\_WallsEVO

If you have any maps that are not in the pack already then please post them for me so i can add them.

Thanks
