Your opinion doesn't count if u ever got caught cheating, BTW.

yes his opinion does count as n00bstories is very very corrupt mods i have seen alot of bs on that server it just only got to me and for watching omfg! stop the world. anyway i dont care to get into it cuz anytime in the past that i did ,it always the same thing , a decent player gets the shaft and all there little clan of them all lie together ,blah blah blah, i only post it here to show that part of ren dwindling away is cuz her so called untrusting mods , i wont appeal something with them cuz thats even a worst nightmare and i dont need it, plus dont care for all the cheats she allows her players to use , i mean not hard to tell when a player is cheating , i mean come on , there lame and if you piont out the cheater and its there friend !kick or !qkick ya go, like i said i seen it a million times, anyways snipe you were right though all the way. and plus i dont care to go on that server anyways not till she at least kicks ALL her mods out and revamps the whole thing , they even mute you for not saying things THEY dont like to hear, and no not swearing i mean if you try and try to point out that a certain player is cheating or hacking, they think thta cuz they got biatch or rg or what ever that , that person dont cheat i know him and the lots a shit i heard all n00bstories mods excuses of BS, no thank you! anyway its server owners like this , that dont do shit about there mods, i dont blame the mods i mean if there stupid there stupid , but my point is the server owner, like wtf? ya you really value your players dont ya, and now it looks like ya got what 4-6 players max? wow , like i said no wonder the player base on your server is extremly low, try fixing it , you might start off with kicking the lot of them and get new responsible people not freinds , thats the worst thing a server owner could ever do , and you do it and stick up for them WRONG! and yes i do host 6 of my own private gaming servers and never have i seen such a piss poor run server! IMO.

I don't even know where to start with this 'playdude'. First off you are in the wrong place. Try going to n00bstories smart guy! Our mods are an excellent group of people who are very tolerant of morons like yourself. Something we get used to as our server continues to fill up on a daily basis. I would love to see these servers of yours. I'm sure based on your fine English, grammar and logic skills they are run pro. But what really confuses me is that you are not actually banned or even kicked. All I see is 692651816854 qkicks for being afk over the years.

There is a fan club of reject, anti-NS people out there. I suggest you look them up. You will fit right in.

Hey goof ball you are a mod there i can tell by the way you replied , like i said i would rather have shitty grammer and bad english then be anything like you , i mean READ your own reply, thats how most NS mods treat the players unless there your special freinds or kiss your frikin ass's, well tough shit to ya kid it will never happen from me, matter a fact , its people like you that are all tough and somebody(or so ya think) on the net but come to my face and talk like that to me or anyone else for that matter. you would get beat the piss outta so bad you wouldnt see the light a day for months you mouthy little shit and as for the qkicks, ya there for sticking up for myself on

that server , you shit heads get all mad like a little kid and kick instead of taking the time to LISTEN TO THE FUCKIN PLAYERS TWITS! and like i said it says BANNED! when i try to join , and plus i wasnt talking to you so shut your pie hole for a change ,dont make me come find you cause i assure you i will and i really dont care about what charges i get ya goof so long as you get death with accordingly by my hand. plus your muted. Oh ya you goof i am very aware of where i am posting.
