Hello goofball. You are a moderator at N00bstories and I can tell by your reply. As I said I would much rather have poor grammar and spelling skills than be related towards you. Perhaps you must read your own reply and realize that is how most of the moderators treat players unless they happen to be friends. Well, I have decided I will never be your friend. Come towards me in real life and I shall give you many fierce blows, where afterwards you would lose the ability to see light. As for the kicks, they are sticking up for me on said server, you good gentlemen get commonly angered and perhaps should seek the time to talk to the players instead. I tried to join, but the message I recieve tells me I am banned. I hereby state that if you do not stop talking I shall come to your house and make sure you recieve death with my hand.

Damn, I bow down to your elite translation skills.
