I didn't get any PMs?

Anyways, I've uploaded them again.

Don't copy and paste the links you have to click them or copy their link location.

Try the third one first.

<http://lone0001.cncfps.com/downloads/C&C/Renegade/FDS/SSGM/Plugins/RevivableBuildings.zip>, made by Xphaze Gaming (don't know the nick of the person that made it) doesn't require Renegade Resurrection BUT it only revives the Barracks or Hand of Nod for 20000 credits using the command !revinf

<http://lone0001.cncfps.com/downloads/C&C/Renegade/FDS/SSGM/Plugins/ReviveBuildingsPlugin.rar>, this is the plugin above edited by MacKinsey to allow all buildings to be revived, requires the Server version of Renegade Resurrection which you can find here.

I found another one:

<http://lone0001.cncfps.com/downloads/C&C/Renegade/FDS/SSGM/Plugins/RREVIVE.rar>, I think it's pretty much the same thing as the 2nd one but no source and simplified much more, read the read me first.

Note: The first one *should* work, I'm not sure 100% if the 2nd or 3rd ones will work or not.
