And it won't get up anymore.

As for you former ARM-ENT hosted sites, feel free to apply to the followings:

<http://www.stardust-studios.net>

<http://www.strategy-x.com>

<http://www.planetcnc.com> \*not recommended because of the amount of adds...\*

Oh, and please take note of this:

Vlad thinks that ARM-ENT IS the community, but that's actually a problem, since it's not.

True fighters like us ARE the HEARTH of the community, wannabe gangstas like this mafia impersonator aren't.

Big hand for the masters of this community! Crimson, blazer, lefty, ACK, Dante, and many others that I won't name because I just don't want to.

Do not listen to someone like Vlad, he gave up...And most important thing is, do not listen to what he said about SDS, SDS is good, the war with SDS is just in Vlad's mind.

The only thing I have to thank Vlad for is for hosting most of the C&C Community mods, such as RenAlert and many others...

Remember, the community is alive, and it shall never die, we've faced a crisis like that before, you probably all remember FedNET...

Well, FedNET had babies, those babies were Arm-ENT STX, and SDS.

Who knows? Maybe Arm-ENT will have babies?
