The G-Man wrote on Mon, 23 November 2009 11:42I like firefox because of the plugins, however my company disables the use of FireFox, forcing me to use IE. They did it for some strange reason.

Probably because IE comes with the OS your company uses, thus is free and one less thing they have to download/install. That is unless they use some os where IE isn't installed by default, then I have no clue why they would choose it.
