Goztow wrote on Wed, 25 November 2009 06:12 Server owners are finally starting to realize that having 20 times more player slots than players is useless. i predict the number of servers will drop even more and hope the remaining players will be concentrated in the remaining servers.

Still, it's important for TT to be released ASAP but nor we, nor them can really help in that.

am glad that others realized it too.

would have no problem to change and move the topic like this "what may the community do to react on loss of players?"

concentrate the remaining users in a few servers may a good idea.

and concerning NS/Exodus: both are very often nearly empty now.
