Cut the patch in 2. Release something now, add another patch later.
Like reborn first released an infantry only mod, and then released the rest?
Oh, wait no, they haven't released the rest. They intend to release the rest..

It wasn't a critic. And actually the release of our mod as a public beta DEPENDS of TT and Script 4.0. ...

So why do you say that? You know we use a beta version of what TT does.

So I understand that the moment TT comes out/public beta, you're releasing Reborn? Intresting...
