(Skipped long post as I really do not care to read them)

Basically, JohnDoe is a class A troll. He/She/Other can not get enough of trying to make other members look like an idiot, which is backfiring on himself/herself/itself. A ban could be proposed considering he does not even play Renegade anymore, and is currently an anchor for the community. He will drive out any new users and discourage the use of this forum and indirectly discouraging people from playing Renegade. It is rather annoying to read any thread that he posts in, due to the massive amount of spam that follows. If he only did this in the spam forum, then it would be fine. But if I want to read a serious post, I don't want any spam, especially troll spam.
