The target box glitch could be it if he had someone standing still for him I guess, it obviously is not the harv he is using in the tunnels... personally I think anyone who abuses this glitch should get a 24 hour kick/ban... and if they are doing it this much it should prolly be longer. I don't think there is anyone that can justify this glitch abuse.

Edit: Also st0rm's mods suck... so I wouldn't bother messing with them.
