Quote:The first two deaths, as Tupakk said, could have been found by using the reticle glitch.

The kill, however, at :40 is odd. He hugs and kills. I understand it could be possible, because he was visible to distrbd, which means he could have found him. Although, to hit him first try by hugging, and a second to the head? I'm sorry. I do not believe it.

If this could be moved to staff forum's that'd be great.

i somewhat agree with him.

This dude got 23+ kills on me using he so called glitch..
