By the way if you think my work is shit go make something better yourself then. I thinkthat your opinion about someone's work would only be valid if you have something to show yourself to.

I have never seen dover or dimitry releasing anything, so fuck off

It's my opinion and you cannot do anything about it. I'm free to express myself. Learn to live with it.

Yes, your opinion based on nothing. You can't compare my work with anything because you have nothing. I'm not planning on learning to live with your free expressions, because that means your getting in my life LOL. Rather not, but thanks.
