Meh, the tourney should be about figuring out who the best community is. And lets be real, only reason jelly stands a chance is because their roster is flooded with CW players (but it's cool jelly was a cw player when he made the server)

either way, the games should be a f2f or something similar. CW doesn't need to beat jelly twice, they never beat us the first time.

Shouldn't need to be double elimination in the final game.. cmon
