Faggots. I don't like WoW either, but so many players can't be wrong. MMOs aren't my thing, and they probably aren't yours if you don't like it, but there's no need to get all dramatic and shit.

I'm only vocal about it because I know WAY too many people that disappeared off the face of the earth due to that game, even though, to me, it hardly looks enjoyable in any way.
