Who Knows! I'm sorry but the organization that you helped against the Soviets was the Taliban. And no country is above some form of terrorism.

Incorrect again.

We helped the Mujahedeen, the Taliban came later as the strongest clan took control of the disorganized vacuum left when the Soviets pulled out.

The Taliban was a government based on extreme muslim ideas. It was not the people's revolution against the Soviets.

As you can see, the Taliban didn't come into existence until 1994.

You can also see the origins of the AlQuaeda network here.
