I SHOWED UP GIMME THE MONEY

i only play with the best in the business.

- A prime Bosnian playing the best renegade of his career.
- A prime nextkill with newfound technology to help out his career.
- Shotgunner might be passed his rene-prime but he has old men wisdom.
- Punx, who the fuck is this guy? Also with newfound technology and playing the best renegade of his career.

punx and nextkill just beat me on Canyon 2v2 right before the match so they must be playing their best.
