that's right. i'm doing EWD a favour.

im sure he appreciates it.

Well, actually I think that in the case that Spooky illustrates it would actually help the pointfixcamp to just ignore the retards. Arguing/fighting is useless if you can't convince your opponent. Simpee apparently just stubbornly refuses to reason. Well that should be ok, just don't lower yourself to their level by getting personal. If one just reads the countless threads about it then either he/she will understand the use of the pointfix or hate you Spooky.

Hell, I actually dislike the pointfix debate precisely because of your style of posting. Hell, how many times have you now told everyone that Simpee is lying? If they care, they got it by now or never will.

Edit:

Oh, btw, HaTe supports my point. People start to see you as the pointfix. Which is NOT a good thing as you created enough enemies already. It would be much better to see Crimson, StealthEye, TT or BlackIntel as the 'image' of the pointfix. Due to your style or reasoning, either people will join you, or will start fighting back. When they start fighting back, it basically means that the pointfix camp has lost (again).

I dare you to just read this post, tell me whether you understand what I'm saying/trying to say and not challenge it any further. I don't need you to agree with me, I just want you to think about this.
