Oh, no. I'm not taking it personally. I'm not some sort of elitist emofag.

I just find it funny how I got into the conversation with a very straight forward and topic evading observation.

But seriously, in this thread so far I've started in a neutral position. That started a war and then I moved over to agree with Spooky. In a few previous threads I've even argued against it, but that was short lived.

I've been on all sides of the argument, and yet there are people (from both sides) still yanking me one way or the other. (As in a pro-fix person urging me to be anti-fix (???))

I don't know. It's all so confusing and funny at the same time.

Ahh, internet.
