CarrierII wrote on Thu, 24 December 2009 14:46The precedent is not to be nice to cheaters on this forum, due to the game's near 8 year struggle with them. Goz also indirectly raises a neat point, by not solving your problem, we keep a known cheater offline.

Try search, BTW.

That and it could be a cheat that's causing this problem, in that case we couldn't help anyways, we aren't cheaters.
