Crimson wrote on Mon, 28 December 2009 06:57:3 day ban + PM rights removed for as long as necessary to prevent further leaks of confidential information.

The Internet is really hard to keep people quiet, if someone wants to spread a cheat around, or stolen info, I doubt a ban on them will help if anything it draws attention, then they just send the stuff to their friends to pass round renforums. Plus banning 10yo's just makes them mad, and more likely to do what you don't want them to
