Maybe you should stop blaming the game and stop sucking? Unless you want to be doomed to scrubdom forever.

Have you even fucking played the game? Are you even capable of having a discussion or is all you can resort to is insulting people because you're a fucking idiot?

I'm not resorting to anything, just pointing out what you're doing. The game is what it is. You might say it's overpowered, but who the hell are you? It won't conform to you, so either you can conform to it or you can shut the fuck up.
