xSeth2k2xlm sure thats not what Westwood's purpose for those model's were. Why do people realse source models? For people to LEARN from...Not for people for peple to hold forthemselves.

If it were Westwood's purpose for the models to be used by everyone, they would have released them to everyone... It's as simple as that. Instead, they decided to give them to ACK who they knew would not only use them, but make them better.

Sir PhoenixxIf you can't take a single comment from one person, and quit because of it, you shouldn't be here in the first place.

Finally! Amen!!!
