R315r4z0r wrote on Sat, 02 January 2010 22:07: What if I used the term "smoke" as a reference to the term "shoot."

ie.

"I smoked them." = "I shot them."

Or what about as an observation in causing smoke to rise when tires spin very fast on the ground; most commonly seen in racing.

ie

"I smoked them." = "I passed by them very quickly."

you're an idiot...
