I'm still shocked that exodus is taking in known shameless lying cheaters.

You might be surprised to learn that other Ren communities have done the same. Even worse was when they ignored the cheating because they stood to gain from the cheater's know-how.

How disillusioning. .

Hey, it's OK to run a double standard; that's been pretty normal around this joint for a while now. Just don't go calling out others, because there's plenty of dirt to go around.

Is this some kind of subtle reference to that Dead6re guy and his little incident? Subtle? You must not know... man, this thread writes itself.

No, I don't. It was kept pretty hush hush and I don't deal too much in server politics, especially back when I was actually playing this game.
