which vehicle to buy after GDI Factory has destroyed by Nod team on map Wall Flying. Also same question is for Walls (no flying!)

also if only driving last Artillery Tank on map Volcano which is best place to hide in Nod base. noone is repair me and many Abrams Tanks waiting and many blue beam snipers in Refinery Balcony.

if i bought Stealh Black Hand and stolen a sniper gun and in scope will I be stealth again? when using scope...

that is all questions for now.
