i have problems with my level editor if i click at exe the start window comes then comes a mistake calls (the program has find a mistake should it be send or not) and i need it^^.

i have  
windows XP

i have look into registry if pathes are right

i have reinstall it 3 times

i have repair it 2 times

and that all happen after i searched through it and test the editor. since this time is the mistake

the file is in german but i hope anyone can help  
now i have one with the english text here^^
