FIRST SUCCESSFUL BEACON:

It was on City_Fly. I managed to buy a beacon. I still didn't know how to change chars lol.

So with the GDI soldier I went all the way up the bridge and went right into the Nod base. AS was the only building left. There was a Nod/GDI gang bang going on nearby...so I just walked in and planted my ion on the end of the strip. gg lulz

Such noob luck, gj
