So you have an empty wall in your house, you either:

1. Put pictures on it and decorate it nicely.
2. Go to the nearest dumpster and find dirty diapers to fling at it.

The only "holes" that need to be filled with trash are landfills. Replacing assholes with more assholes is just a stupid concept.

Would you go weed your garden then plant more weeds?

Need I come up with any more comparisons?

Everything in it's place, Chew. Dipers go in the trash, Pictures go on the walls, and BADASSES WHO HATE EVERYTHING go on Renforums. That's just the way things work. Things wouldn't be the same around here if everyone was happy and nice and complimenting each other all the time. It just wouldn't be the same Renforums we all come back to for reasons unknown. You faggot.
