Zombies are retarded (unless infected by monkey rage virus) and pirates stand no chance against Ninjas. That leaves Ninjas vs Robots. While I can imagine a Ninja sword easily chopping off a robot limb, considering advanced robots we have seen like Terminators and Cylons, I say the Ninjas are fucked as well. Ninja stealth ain't gonna work with heatseeking motionsensing robot vision.

Unless of course we see a Ninja-Robot hybrid like Otomo from Robocop 3...the robots may have a really tough time initially but would wipe the floor after a big fight.
