Modern Pirates are now just faggots in dighys that are getting repelled by non-lethal sonic "weapons" (True story), or they're Somalians who can barely feed their families and are crusin' for a bruisin'. Not epic.

Ninjas are now corporate bitches, whoring out their "talents" for shitty competition shows like Ninja Warrior or MxC.

Zombies lose, all the time. They get beat by normal humans in pretty much every zombie movie. Nuff said.

Robots are doomed to build Hondas for the next thousand years.

Vikings, on the other hand, continue to kick ass even when the fighting is over. After they're done pillaging your village, they're going to sail back home and write some awesome Folk Metal, and then cum in your ear-pussy.
