bakerrrr wrote on Mon, 08 March 2010 02:58 You're about a week late, they already pulled the drivers like 3 daus ago.

So 3 days after they recall the drivers is a week late? Do you actually know how long a week is?

Honestly, the trolls on this forum are pathetic, flaming people simply because they posted some information which might be useful for some forum users. Get a life. Just because you already knew about it doesn't mean everyone did, NVIDIA are hardly going out of their way to tell everyone they fucked up.
