I like how at 1:10 she tries to make a point with the guards saying, "See she doesn't have a dick"... But for 1. It is blurred out... and for 2. Photoshop...

That bitch is fucking ugly, and she can't sing halfway decent at all... I don't see how she has made it so big, but then again there were all those miniture advertisements throughout the video, maybe that is where she gets her money...

Never seen so many half naked chicks in a music video and not thought at least one was attractive... I mean shit, she even made Beyonce look retarded.

Anyone dumb enough to spend money on her music needs to be spayed or neutered... can't afford more idiots breeding.
