Weapons:
Railgun/PIC : i would like the rail's/pic's shot to be green instead of red for both guns.
GL HF w/ a modified objects.ddb I bet you be able to connect to 0% of the servers.

I'm tired of people always asking for color changes on the lasers. It's not texture-based, and I don't know if you can do it with modifying shaders/messing with the coloring of the game.
