We've been over this so many times, even Reborn conceded the point once he got to see that picture. There's no point in repeating myself as you've proven yourself intellectually incapable of comprehending and therefore responding to my nuanced argument. Everybody can see that you're nothing more than a cowardly online racist and there's no point in debating the mental diarrhea you're spewing any longer.

If there is still genuine controversy, I encourage others to intellectually challenge my argument, otherwise Carrier might as well lock this shock thread.
