GEORGE ZIMMER wrote on Sat, 20 March 2010 15:52Shit. Sorry about not being able to make this, but as it turns out I wouldn't be able to play this (unless you were totally cool with me going AFK every 5-10 minutes).

You didn't miss anything anyways...

Started off in a warpy as fuck server... Switched servers, server crashed.

Then we got are ass kicked on first 4 maps, so bad it didn't make any sense really. Spoony gave up halfway through 4th map. Half our team quit before 5th map.

It wasn't even fun imo... it was serious business.
