It's a stupid fashion thing perpetuated by women. And guy who are faggots with no sense of confidence in their own opinions wear them to fit in (which, ironically, they can't fit into the jeans themselves 90% of the time).

I mean, baggy as shit jeans are usually pretty bad too, but I'd rather baggy clothes than skin-tight clothing.
I wear baggy... but some people... take it way to damn far....
I wear semi-baggy, mostly because I'm a skinny as hell guy, so it's hard to find decently fitting pants.

Seriously, do people who wear skinny jeans just have no balls...?
+1
Seriously, both extremes are fucking retarded. Jeans should be comfortable, but they need to cover everything.
