Goztow wrote on Wed, 31 March 2010 20:30Allow one single nickname (or whatever id you want to use) per install. If they want to change nicknames, then they need to reinstall. I bet that even the worst nolifes get sick of reinstalling their game every time they want to bypass a simple nickname ban.

And if various legitimate (clanwars, for example) players want to change names, they can't easily either. Nice idea - better to tie all nicknames used by one install together, so that if one is banned, they all are. (Thus legit players can swap, no-lifes discover all of their 9 nicks are banned and have to reinstall).
