Rule of Cool applies... walkers are just plain cooler. Only hovertanks come close to rivaling the coolness of walking war machines. A group of Tick Tanks hasn't got nearly the amount of awesomeness a group of Hover MLRS has, but a thundering battalion of Titans and Juggernauts with Wolverines swarming around their ankles and a Mk.II leading the formation... that just takes the cake. The icing, too.

edit As if the Apocalypse Mk.V in my sigpic left any doubt about what I'd vote...
