Just to let you all know; I was an admin at Atomix-Gaming up until today. It split up, most of the moderators/players were banned.

The reason the community split is simple: Xpert likes to read personal forum PMs(Mine, dippy, Rengirl, Armani, and others), steal passwords from the forums, hack their facebook accounts(ask Anthrax, I'm the one who had to calm him down that night).

In general giving Atomix a shit name in the Renegade Community by banning loads of people for purely personal reasons.

If anyone ever wants a good read, hit me up on MSN...logs logs logs. Xpert since you are reading this, please deny it here...so I can just spew logs.

So most of us will now be at Allied-Gaming. www.allied-gaming.com

Yeah it's kind of nasty and dirty(plus pointless of me posting here) but whatever...he's a tool and you all should know some of the things he's done.
