Allied Gaming currently has a snipe and an aow server. It so far is very popular. Xpert has been going to the trouble to crash the servers. Xpert and his lovely job at mcdonalds are obviously the backbone of renegade. Especially with his special nazi style leadership. I urge everyone to change their passwords if they were ever registered on atomix forums or irc because xpert will stop at nothing. Probably because at McDonalds you learn to never give up, Put a smile on, and of course I'm loving it and my egirlfriend!!
