Goztow wrote on Wed, 07 April 2010 08:48 Catching cheaters by cheating doesn't make it right.

Come now Gozy. If you have the ability to see your exact team's location. You wouldn't use that advantage? It's not like I use it ingame, hell its too annoying to have on while im pwning. Only use it to find where people are on my team, as I said good for finding afkz/cheaters.
