Pfff, speak for yourself!

It seems to me both parties made some mistakes, but that Expert should probably have known better than to go dirty, being the respected community leader he (supposedly) is.

That's what I like about the Renegade community, though: you think you lived it all, then suddenly something new and exciting pops up. It kind of makes me feel bad to feel some kind of misplaced interest in you guys's "misery". Just a little, though
