to whoever (im to annoyed at my internet to find it again)

said that a valueless troll post is still value to the conversation... such posts make the site less desirable and then the entire site becomes nothing but retards who refuse to stop posting... this is the equivalent of a dead site... goztow and other moderators and the admins keep this from happening therefore goztow is correct.

and if he does not succeed it still made the site last much longer

edit:*sorry for grammar and sentence structure and wording errors im a little to annoyed to care atm* hopefully you get the jest of what im saying
