^perfect example of not trolling, but just plain spamming.

There's also two types of trolling- hilariously trolling a massive idiot who's obviously in the wrong, and being an annoying dickwad in a semi-serious discussion. The former hardly hurts much considering it's generally only affecting an unwanted and less-than-helpful community member anyways, while latter is more detrimental to a community.

Example of the former:

(I'm too lazy to recall other situations similar to this one, but there's plenty of them).
